My Dear Brother -

Everything looks well here - Had the church packed on Sunday both morning and evening - Had 28 or 29 out at our last prayer meeting - Am in better health than I have enjoyed for a long time - See plenty of work before me and feel anxious to get at it - Have been provokingly delayed in getting possession of my new rooms, but hope to get in all O.K in a few days -

I have chartered a fine black pony for the winter and find her a great source of pleasure and convenience to me - I think horseback riding is the very best thing for my health that I could

have —

I had a letter from Bro Sample a few days ago — He says that he has not been free from asthma a single day since he reached Omaha — He can only preach by the use of Stramonium — Has his hands very full & sometimes "staggers" under his work — Says he has only had one letter from Denver and dont know anything about the movements in the 17th St. Church —

For my part I hope the church will do quickly whatever it intends doing in regard to Bro Sample —

I judge from the whole tone of his letter that he apprehends that he will have to leave Minneapolis.

If all hopes of consolidation are over, what better thing

could you do than here an
urgent & cordial call made out to
Bro. L.? I believe he is just
the man for you, under the
existing circumstances - But you
know him better than I do.

If the church does call him
please advise me at once — I want to write to
him - The failure of Young's Bank
here will make the winter
a very hard one here — A great
many poor families had their available
funds all there And now, to say
the least, they are non comitable -

With love to Mrs. L. & the chn -

Your Brother in X

Esteemed friend & brother

I want to thank you most sincerely for your nice letters to Mrs Dickson, and hope by knowing you many duties, and cares, makes an appreciation of them much greater. It is a great comfort to hear what you are doing in the line of country where so much is needed to be done. I cannot now see how young ministers can help availing themselves of the opportunity of pushing to the frontier. Of course life is much to all, and the pleasures of life very desirable to the young. I remember Dr David Nelson (author of Nelson on infidelity) was the guest of my sister when I was about eighteen years of age. I made my home there with that sister. I remember to the

conversations held at that time
and the earnestness of the persuasion
used to urge me to be a missionary. The
way then seemed quite hedged up, and I
had to give up all idea of it at that time.
If you could look over my life from that
time up to the present, I think you would
feel, as I do, that the Lord had other work
for me to do. Perhaps, not as heroic, but a work
which some one must do. My doing, of
whatever kind it may be, is almost done.
I look back upon it with shame and
confusion of face, and heart. but oh! the
looking forward is so much better. I can't
say I have done what I could have done,
but I can say my Saviour has done all
for me. I never knew how the fallacy of all
works in comparison with the counterbalance
of sins and shortcomings, as I do when
I now stand all of Grace! All of Grace! Oh I
cannot tell you how it looks to me now—I
believe my father has heard the prayers

of Christians in my behalf, and has removed the dread of death as I once felt it. I do hope that the hands will never again hang down because of lack of prayer. Heaven seems to me to be so desirable, because I shall be free from all uncharitableness and every temptation. And for Him as he is - I do hope I may still be remembered in your prayers. I am growing very feeble in the last two weeks. I dont see how this weary heart can go on much longer. Please I beg of you pray for me, as many as know of me. I want to rest quietly in my Saviours love. and not be confounded when the last trial comes.

Will you please send a copy of the "Rocky Mountain Presbyterian" to Miss Lester Mrs C P Darlington Care of Wm Darlington Esq West Chester Chester Co Penn. Enclosed you will find the money for it -

Very Respectfully yours P A Lewis.

Rev W. G. Brown

Denver, Colo. 7th 1873

Dear Brother Jackson—

Rev. Mr Land has returned to Denver. He is much better than he was; yet I do not think that there is any prospect of him being able to do any much "Church work". He intends to resign his place — and solicits that Rev. W. W. Curtis of Kansas (a fellow student of his in the Seminary) be commissioned to Longmont, Bigelow & Pleasant Valley — a promising field & plenty of work. Mr Curtis took the first honor of his class in College — stood high in the Seminary — has built two Churches in Kansas — his present field is a Young man — &c. &c.

And wants to come to Colorado.

I told him I would write you And see what you would "explain".

As to that Cut I have tried to see if I could not get it cut down so as to suit your narrow Columns — but find that it cannot be done without ruining the Cut itself. So I suppose we shall have to do without it in the paper. I do not see how else it could be arranged.

We are all well. Had a fine Sociable — the best of the season at Mr Blackburn's last evening) —

All send Love to yourself & family

Resolution on Publication Cause

"As a Presbytery we owe deep gratitude to the Board of Publication whose invaluable aid has furnished us with those weapons and tools, which we as laborers in these frontier fields stand in great need; we are thus greatly encouraged as we are steering against pernicious doctrine, as well as in watering and planting in these waste places. Indeed we know not how inefficient our work must have been without this great

help. May God raise up many fellow laborers in this cause and greatly encourage all who are now giving and toiling to save souls through this powerful channel.

In regard to Coopers case after long consultation, in which Cooper was not present we mutually agreed to allow things for the present to remain in Statu Quo. A paper on Sowers work was read

"Whereas there is a growing interest manifested throughout

our Church in regard to
Woman's work, we recommend
the formation, as soon as prac-
ticable, of "Home Mission" Societies in
all our churches.

I strongly advised Cooper
to return to Evanston and
go to work, but he has gone to
Cheyenne and what the re-
sult will be I do not know.
I send you the enclosed. I ex-
pect we shall have more music
with Coopes before we get rid
of him. I am rather of the
opinion he is more vain
and silly, than downright

wicked. That God may
abundantly bless you and Bro
Kendall in all your meetings
is my sincere prayer. Yours

Dear Sir

Not knowing whether you are posted in regard to our W. G. Brown's movements or not I write to say that he has gone to work in earnest to establish two mission churches one in the neighborhood of the Junction and one in West Denver and of course trying to draw from our church his would be friends but it is needless to say that in this he does not meet his expectations. The motive that prompts him to remain in our midst is as apparent to you as to us. and whether it will be for the advancement of Presbyterianism or not it is useless to say to one understand the situation as well as you. but certainly some other man should be sent to this field to do the work rather than let him disgrace the church longer by his blunders. Did you know of his intended movements? and can he secure aid from the Board?

Yours truly H. C. Donnell

Minneapolis Minn Nov 10th 73

Dear Bro Jackson,

Yours of the 4th inst, rec'd. I am very sorry that the effort at union of the 4 churches failed, and even more sorry to hear that Mr Brown proposes starting the Mission Churches, which will bring him in conflict with the existing organizations. But the Lord rules, and overrules.

I rec'd a letter from Judge Blackburn inquiring whether I would accept an invitation to supply the 17th St Ch. for six months. I replied that "in all probability I would, and could be there about the 1st of Dec., or very soon there-

after." — "that I had abandoned all idea of relief from asthma in this climate." I also added that it was a very unusual thing for a minister of any worth or reputation to solicit an invitation to stop a short for such a length of time, but as it allowed considerable liberty to both parties, and there might be good reasons for it in this case I would waive all objections. So I have put myself in an unpleasant position. It was not intended that any one else was to appear before the church. The "Chicago man" (what's his name?) may decide the sentiment or carry everything before him. But still the Lord will direct & I am satisfied. Can't you come this way?

Jean Brunel,

I was agreeably disappointed last evening that I was unable with all my efforts to be present at your meeting at St Darling's Church - I was to Mr Drummond's to take tea thinking to meet you there and to go with you to the Church - But Mr Drummond would not consent - to our going on account of the weather - and being a visitor Mr Drummond was myself and convinced that it would be unpleasant for us to go - He would desired to send to the Drummond's, sedgwick street to get you - a trial to me. I hope you had a good audience

And that your efforts may not be in vain. My dear Christian Brother, I need not repeat the assurance that my heart is with you in the work God has given you to do. It is a blessed work. It is an honour to be engaged in it - and our dear Lord will, I am sure help us. I just simply write to express the kindness which has been shown us at Albany. God has put it into the hearts of his dear children to show us kindness and bind us by his holy name - or, may the same Christian influences which we have experienced to join in the communion of our brethren and in the solitary places in our land. and may God give you strength to work for Him. I wish much to see you when I was with you on Wednesday

. In affection - I am constrained to
ask you not to show any such person
to Gen. Belknap or to Secy Delano -
I write them hastily and scarcely
with the intent - and I would prefer that no one
should see them except the Secretaries - to whom they are addressed.
I will pray for a blessing to accompany them, and that when you
peruse them, the heart of the
Secretaries may be opened to do
for you what will accelerate your
honorable Mission -

I trust you will pursue at the Military
Academy at West Point, may be quality found,
and prove an encouragement to
the young men - who will thus
pursue duty, and - if you will thus
also your Mission I trust will
be intensified - I feel that Time is fast
bringing us to Eternity and that
what we do - we must do quickly -

Would you have time to write a little notice either for your paper or for the Evangelist of our meeting as it stands — and speak of the object of our society? I should like to have a notice written with no allusion to the Romish Church but simply saying that we are trying to sustain permanent services in our Mission.

May God bless you and bring you safely on your journey and finally when the journey of life shall be ended may you arrive at our Father's home in peace.

With many thanks for your kind & valued services — and with kind remembrances to Mrs Jackson

Dear Mr Secretary.

I avail myself
once more of your kind permission
to write to you in behalf of the
work of our Ministerial
Association. May I ask the privi-
lege of presenting to you my good
friend, Mr Sheldon Jackson,
who has voluntarily aided us very
efficiently in the work we are striv-
ing to do for the temple of our
country. In the Christian enterprise
in which we are engaged I am sure
that your immediate heart is deeply
interested, and I desire now that I

with the pleasure to give Mr Jackson any facility for aiding our Indian pupils in obtaining Protestant schools of a higher grade - in our Territories -
We have now schools at three points in New Mexico; at one point in Montana, besides our schools among the Indians in Arizona - and at St Ignacio: We endeavour to encourage Christian Ladies who have the enterprise and ability to undertake a primary Educational work in the new settlements in our great Territories. We need the aid of our government in this work; To foster Christian enterprise, it seems to me is as much the duty of our Government, as to protect - the Mines & Emigrants of our country - and I have recently obtained the hope - that our Pacific

at Santa Fe and Taos — might
again join the Presbytery for
a year or more — or until they
can become self-sustaining — two
hundred dollars — which in ad-
dition to what we can gain
as the case — will secure a foot-
hold for Protestantism in Spanish
America.

Mr Lackey will be able to give
you accurate information respec-
ting the buildings and property
on the Gail-roads, where we
are trying to establish schools —
on our frontier — I commend him
to your favor and confidence,
as his ability — integrity, perse-
verance & prudence can be
thoroughly tested in your city &
service — With affectionate Re-
membrances to Mrs Delano —
and the dearest of my wives re-
gard — I am ever Yr — Yr Unly

Denver, Colo. 17th Nov. 1873

Dear Brother Jackson –

As I had a supply for yesterday, I concluded to "feel" our new field, and see what the prospects might be, so I appointed preaching at West Denver at 11 A.M. & in the North East Denver at 2½ P.M. In the morning, I was much reminded of our Commencement three years ago in the Court Room. – We had just as many, looking two as we had three years ago, and I trust that the field will develope as handsomely as the other. In the other part of the field, out Clear Creek, in N. E. Denver, God has evidently gone before us and prepared the

way, very graciously. Mr Rice who has for six years run the Beer Garden (Notional Park) Chouteau & 26th Street has given up the lease. The Buildings & grounds are owned by John Hughes; and by permission of Mr Hughes we have the use of the Notional Park Buildings. The dancing Hall is 25 feet by 40 feet — and we have carpeted it — & seated it with Chairs. Yesterday every seat was occupied & one or two went away, because they could not get a seat. The buildings are well suited to our purpose: and by an outlay of 2 or 300 dolls would do both for Church & parsonage for Several years. The ground amount to about 4 acres & would make a magnificent site for Church & Sch

ency, a College. We asks
$15.000.00 for the whole, but would
take less, if it should be used
for Church & School purposes.

I feel that is a most provi-
dential opening to break up
that wicked & sabbath break-
ing institution. We hear tells
me that on pleasant Sabbaths
there were generally about
1000 persons at the National
park every Sabbath - drink-
ing, dancing, gambling
&c. 3000 Steel rail road
tickets have been sold in a
single Sabbath by persons going
& coming from the park.
Now God gives us the oppor-
tunity of breaking all this up,
and of establishing in its
place a School and a Church.
If we can get $10,000.00 assist-
ance in the cost, we can do the

the whole – Block of the Beer Garden
estobbish a Church, and a Collegiate
Institute upon the ground.
If we can get $2,500. in addition
in the East, we can block off
the Beer-garden and estobbish
the Church – by buying the build-
ing we now occupy. Now can
you not do something for us
whilst you are away in the
East. I have got the first
refusal of the property: but
I fear that if we do not be-
come it soon – that the Ger-
mans will form a Combina-
tion or pool as they call it here,
and buy it again for a beer
garden. The Church in that
neighborhood will never
again have an opportunity of
doing so much good with the
same outlay. This whole
field – the mission points in

the Suburbs of the City give promise of ~~quick~~ healthy and rapid development into good working Churches, and the Change will not be long in becoming self sustaining. I want you to give these enterprises your strongest backing with the Boards. You can explain the situation so much better personally than we can write it. I think that both Dr Dickson & Kendall have a pretty correct idea of the situation. National Park is about midway between the 17th St. Church, & the Machine Shops — about a mile to a mile & a quarter from each: Mount Pleasant however is beyond the Creek; and ~~the~~ separated from all these Churches of all denominations

Mrs. J— and the L. Dr yesterday
and she seemed well,
Nothing special occurring
since you left.

Give Kindest regards
to Mrs. Kendall & Dickson

Sincerely Yours
W. J. Bryan

Would be glad to hear from
you at any time.

Dear Bro Bill

I have now been here 2 or 3 days & been able to get the lay of land with regard to Miss's Enterprise at Denver. Of course there has been no action of Bd as it has not come before them. I may be wrong in my judgement of 7 Perly & 7 Sec's & My own impression from observations & otherwise is that we can not hope for any thing from the Bd. They are issuing no New Commissions except in very Special Cases, which had been undertaken before the panic set in & are largely Cutting down in renewal of old Com's You have no idea of / extent of / panic in / East. Every Elder of / wealthy Brick Ch in the W is in bricks no has gone under & in every Ch in / City their wealthy Members have suffered immensely It is beyond anything I ever witnessed (I do not remember that of 57) The Mutts E.Ch. yesterday Cut down their Appropriations $10,000 for last yr Everybody is talking in all sail possible / under present Circumstances I am informed the / strong probabilities are the / Bd will not grant a dollar to our enterprise in Denver I am in usual health. Enclosed you will find a check for $50 which I hope will help you some in your good work.

We have at home a great many cloths which have been laid aside for different reasons but still have a good deal of wear in them.

If you have to pay freight on them we doubt if it is best to send them but if you have any way of having them transported and you think it ad-

sible for me to send them we will gladly do so. My brother Will enjoyed his visit to that city exceeding by and sent me glowing accounts of the scenery about Denver. His last letter was from Ogden and which he told me that he met a Salt Lake lady the minister in the Presbyterian church who had heard of father through yourself. He was pleased to see Will and made his stay in that city a very pleasant one.

My mother enjoys her usual share of health father and the rest of us are remarkably well and we unite in messages of

Dear Brother

Since I wrote you in the summer I have been most severely afflicted. I have lost my darling wife. So it has seemed God. I am a most desolate man now. I wish at this time to communicate with you in regard to a certain line of business which my circumstances impose on me - I will explain. My wife left me children. She left a few hundred dollars which I wish to use in such a way as will be the most good and I think I could not please her more (and she knows what she did) than to use what she has left to bless the world and bring souls to Christ. I have thought if the money was put in some localities in the West to help build some churches, it would in that way do good as long as people were

taught the word of God in those homes. and in this way perhaps she will be able to bless the world for many years to come.

My wife & I were both children of Presbyterian ministers. I think perhaps you will remember her family. She was daughter of Rev Joseph B. Eastman who used to preach at Amsterdam. Sandy Hill and those parts. She felt somewhat as you united with you which led to our correspondence.

You are in the midst of the mission work there so that I thought perhaps you knew of two or three churches struggling to build — where 100 dollars each would stimulate into action and by so doing do them good in more ways than one. Churches that will be useful and working churches. —

Please be frank with me and if you think I could do more good than in the way mentioned, please explain. and if you know of such churches as I mention please give particulars. Perhaps you think I am wealthy. but I am not. I am a clerk in a railroad office. a young man and could use the money but am very much to my pecuniary advantage. but I am a steward and wish when the time comes,

to give a good account of my stewardship.
I want to live as I will wish I had
when I awake in the other world. Life is real.
God has given us glorious opportunities
to enter a more beautiful country by & by.
if we will — I may be out when you
are next summer. dont know. I don't
if I go farther west than Ohuta. This
is a most desolate, lonesome country to me
now — Now think over well what I
have told you and do not answer till
you have considered the subject well.
I want to help when it will do the
most good. There are strategic points
which the church of Christ ought to seize
and then are more than seven points, when
spurhopes the light once it will shine
as brightly lighting loves on them journey
through this dark world. You know best. Let
me hear from you. I received your letter
to the children of our Sabbath I had all right;
many thanks, for it. Excuse my long letter
but it is an important subject and I
want to do it well. Sometime between
Jan 1st & next summer.

Very truly I am your

Dear Mrs Jackson,

I have received two telegrams from Denver. One reads thus: "Elected Duffy for six months. Come first of December. Same as ever." Signed H. C. Donnell. The other is as follows: "Only twenty four votes for you. One third whole church against you. Will write particulars." Signed A. G. Boone. Evidently the heart of Joab is in the matter. I have written to Mr Donnell saying I will leave the

question open until I hear by letter. Will not you, or Br Jackson, if he is at home, give me full information, and advice in the matter.

I wish the two churches could be united, even with two pastors, who could also take the missions on alternate sundays in the services in each. Such an arrangement would not be specially agreeable to the pastors, but, I think good would result, & evils be avoided.

I trust the R. M. Presbyterian will make no reference to the matter as it now stands. Love to all

Sheldon Jackson,
Dear Bro.

Books to the amount of 70. recd. It was a grand donation. Just what we needed & we are overflowing with thankfulness.

You ask for some names of Auburn students that wd make good missionaries. The one I would first name in the graduating class is Geo. R. Smith. but he just recd a note from him stating that he has accepted a call to Dryden N. Y. But as he has been a missionary in Iowa he could recommend you to others. He used to think much of

coming out this way. Am
sorry that he is content to
settle in N. Y. Geo. Humphreys
used to have a desire to know
about the work here. G. W. Leonard
would be a good man.
Wm Reed + M. D. Edwards I could
heartily recommend but no doubt
they will stick to the east.
I know several in Union
Theo. Sem. that I should
advise you to see. They would
be glad to hear a word from me
+ might be thus interested.
Tell them for me not to be
content in the east. Come out
& breathe our delightful air +
live in our land of wonders + great
possibilities. I would not
exchange my field for any of
the great positions that they
may aspire to.

Although, as you know, I am laboring under great discouragements. But in this country there is so much to be hoped for that one cannot sink.

All these are good fellows viz. A. F. DeCamp. A. A. Kiehle D. A. Ferguson. — Ford, & I can recommend them.

If they would like to know more, how I like it, tell them I am ready to inform them.

Our old school house is so unfavorable for services, that, although there is no money here we are considering the pr. of building a little chapel, costing say $600.00. If 200 or 300 dollars could be obtained in cash I have no doubt but that it might be put up this winter, except finishing inside. Oh how delightful it

I presume the board is effected by the war- the times is the reason it is not met. We hope it will come soon to myself. Fraternally Yours- D.E. Finley

would seem to us to have a home, around wh. might cluster sacred associations.

I really hope you will find some means of raising us some funds. If you are in Auburn try Dr. Hawley's church of which I was a member. + perhaps the others might take an interest.

There is a good prospect now for the erection of courthouse buildings + if so the place will be permanent. At least the place is large enough to have a chapel + always will be.

I wrote Dr Kendall lately, asking him for the next quarters dues in advance a little, because I get nothing here this quarter. Have already been under the necessity, in getting some winter supplies to run in debt 50. dollars. After next qr. rent I hope to be all right..

Trinidad, Colorado.

Dear Bro. Jackson,

Have been pretty busy since I wrote you a little while past, as the article promised you is delayed almost a month past date you mentioned. I have not much excuse for not having complied with your request; I will not plead for mercy, however, but give several reasons why I have thereby incurred your displeasure. The accompanying is a hurried sketch, but if it will subserve any good purpose, you are welcome to it. If it is not, and is unsatisfactory, I would not feel sorry should it fail to appear in print. My experience and observation have

been quite limited, and I am
scarcely able to keep myself
clean, with such dirtiness.
My guards keep coming today,
and I owe her gratitude. Rents
very high, and next to impossible to
find a house. All our old friends
and Christians I mean almost
will find rooms, giving work ma-
chines, which deprive us of work
& up for this and the coming
more. We are very much

My dear Christian Bro

Matters of the utmost importance to the welfare of our Church in this place, in my opinion, demand your presence here at the earliest day possible - I will not now enter upon particulars, further than to say, that difficulties between Mr Bell and a considerable number of his Church Members, and Society, supporters have arisen, which, unless removed at once, will, I fear, effectually destroy his usefulness here as our minister - In justice to Mr Bell, and to our Church these matters should be enquired into immediately - I trust you can visit us as soon as you return home from your eastern trip - If you cannot do so - please write to me when you reach home

Your Brother in Christ

Do not the Officers of the bank know
who handed in the draft. Could not the
letter be traced in that way? And was it
not strange that any one should have open-
-ed a letter addressed to you? I am thankful
they were apparently honest to hand it in -

Dear Brother

The draft for One
Three Hundred dollars was sent by
me for you to spend in relieving the
necessities of our sick, and needy Indian
-ans. I regret more than I can tell you
the loss of the letter containing it. There
were some things in it which might
be productive of unkind feelings in
my family if found by any one who
might communicate them. Mindy
some explanations. I am sorry it
is not finished, & wish I could have
with to be about the house for a few
days months. Have had a severe
time but often have thought
without feeling that I might die

in this world.
The Help which secures our Eternity.
I asked in my letter that you would
remember me Especially in your
prayers. I am not naturally a hope-
-ful person, but my illness has such
made me more so. While "I know that
my Redeemer liveth," and I have with
the confidence and light I pray for. I
know that Divine grace can raise us above
our natural temperaments, and I try
to pray almost without ceasing that
I may have that assurance of hope
which will take away that shrinking
from death and the unseen future, which
God can & sometimes does make a long way
journey. All my life time subject to
bondage." Use the Gospel in such a way
as seems best to yourself. I don't want
it publicly acknowledged. If you write
to any time state direct to Mr Dickson
and if I have gone home she will destroy
the letter. I wish I have written as a Christ-
which has something written on the other
side to show how it was. Dr Post has

Dear Mrs Jackson,

I take the liberty of sending you a letter from my daughter Cornelia - a little note of hers I hope you may have an opportunity of giving to him if she should call at your house - or him may to Fort Monroe or Fort Wadsworth -

Mr Jackson may kindly invite him to go directly to your residence on his arrival at Denver - I think she will be there by saturday evening - she left home this morning and is to go via Baltimore to St Louis - and from St Louis to Denver - from Denver she goes to Pueblo where Gen Alexander expects to meet her with an Ambulance - It is a long journey for her to take at this season of the year - but I hope she will find a good escort on the cars to Denver - Gen Blair's p[illegible] from St Louis

If any thing should prevent my daughter from calling at your house upon the receipt of this letter - to take care of the Alexander - Fort Union. New Mexico. I enjoyed my last visit with Mr Bachman very much - and regret very much - that I could not have the pleasure of him - I have always indulged in his great kindness and pleasure to him that I hope he will visit us once more at his return home - as I have many inquiries to hear from him - and also his kind attention - Nothing more - I was glad to hear that he had [illegible] Fort Union and was [illegible] [illegible] [illegible]

Our Communion is next Sabb. We expect about a dozen additions three of whom will come to the Lords table for the first time — Still others will unite at the next Conf., not having their letters — We greatly need an outpouring of the Spirit, & I feel encourage to hope for it —

I left some articles at Chains store which if it is convenient I wish you would bring along with you — You need not take the trouble to bring the old cane that Hays left there for me; but I must have left there the bottom to an inkstand that I bought when I was up & two small picture frames.

I don't know where I could have a gift than if left at Chemung. I have no remembrance of speaking there up with Mrs Otis & Brother —

Brown had things pretty much his own way at Presbytery — It would be a sad thing for Presbyterianism if he is allowed to take charge of that Mission church — I don't like very much if Presbytery would put the call into his hands —

Dear Bro. Jackson,

I would like to state to you, plainly & frankly, the condition of our church & see if you can do anything to alleviate our condition.

First, let me tell you where we are obliged to worship. It is in a crazy old log school house. As unattractive a place as you can well imagine. When the wind blows it is very uncomfortable & I am quite sure to have a small audience.

As these people are generally unaccustomed to church going, straws are sufficient obstacles, to keep them at home.

The school house is very poorly arranged and seated for a public audience. Our Sunday School is progressing finely & almost all of the children of town are gathered in. The room is too small to do the school the justice they demand. Then is a place, when during the week, the scholars run wild, it is hard, very hard, to make it seem in the least, sacred.

I hope you will gather from this what are our imperative demands, for as much, at least, as a little chapel. People, who have comfortable churches, are hardly aware & how much of their success depends upon them. Experience proves that a minister's labors, humanly speaking, are almost in vain, without a church, as a centre to gather about & around which may cluster

sacred associations. I feel the force of this, especially in my public efforts.

Again our demands are <u>immediate</u>. Not only on acct of present inconvenience, but that we may be in readiness for the prospective influx of population at the opening of spring. That we may be able to give them at once respectable religious opportunities & keep them from sinking into indifference.

And now let me state that if we build, <u>our means must in a great measure come from abroad</u>. About two thirds of our town was destroyed by fire in Sept. last. This, together with the panic, makes it doubly hard times here. All the money the people can get will be used in rebuilding. Money at the present time is almost out of sight.

Our plans for building are briefly these. To erect a chapel in such a place, that when the demand comes for a main building, as it evidently will, this chapel will be assisting. Building materials are very expensive here. & the cost of a chapel is estimated at $600.00. Now if two or three hundred dollars can be raised, at once, from our friends abroad, it can be built; for much of the material can be bought on time. and another season when capital comes in, together with the assistance of the Board of Erection, we shall be able to complete & furnish it. Sir, how it would rejoice & encourage our Christian hearts to see this result! No place needs more all the advantages the gospel can give, than Fairplay.

Be assured, ~~Friends~~, that a little aid will do great good, & be most gratefully received. Yours in X, L. B. Finks.

Dec 15 1909. Granville Ohio. Was awakening this morn with my heart so full of thanksgiving that I could not sleep. I received a letter from my friend Will Heath & also a telegram to Dr Mather, who is dying in Chicago. Was awakened at midnight, as was my friend Dr Mather 09 of Chicago. Dr Mather & I cannot differ in love, but I cannot [illegible] Baptist doctrine. Was pastor of Baptist church in Granville, Ohio, during it will be remembered by many of my readers. My heart is swelling with thankfulness this morning. Let me tell you why. Yesterday was encouraging both in S. S. & evening service. A ray of sunshine broke through the dark cloud. There were 42 in S. S. Have only had that number once before. As we had it in school house where there is no discipline during the week it has been hard to discipline, but now with the indispensable assistance of my dear wife we get them quite respectable. Boys that have no decent treatment at home are getting to respect us.

for 1 summer. When we commenced we had only one boy. Yesterday had 17. + have had in 21 different ones. The children like the S. S. + there has been the only light to brighten us during the last weeks. We have the only S.S. + have all the children of the town in but 2 or 3 families + think we will have all in, in a short time. Our new library is very pleasing + attractive. Voted in S.S. yesterday to use the amt contributed there to pay freight on books. 7,50 + have among us to do it.

Mr. Buckner is 35 miles below. + came up 4 weeks ago + had an aud. of 7. A man who favors them but cares nothing for Buckner, worked by getting men to come in for a drink of whiskey + got two weeks holds a large congregation.

Do not mention my effort for Lost Cr. for he is just worldly + narrow

enough to be jealous of our
prosperity. B. did not come.
Last eve I had an audience of 42
a number of most respectable
people & some who had never
been out. Took up a collection for
Xmas tree. As we had no other way
that I chose to take for raising
a little fund, & recd 6,40.
I have not asked for but one collection
before fr. / congregation.
I also sent to Am. Tract. Society
for good papers Xn Weekly &c.
& mine to distribute. All this
I may say, obtains the favor of /
people & they feel under obligation
to me. So I say a little kindness
goes a good ways. Getting
their permanent respect, I hope
to win them to X. Men, & women, who
have not attended ch. since I came
like ill luck, now attend regularly.
I am preaching to arouse them &

the money you let me have kept me from going out - hope & pray I shall ammend. It was a great help to me. Send you P.O. order for $10. will make up the deficit

my words sharper than a two edged sword. Pray for us Mr. J. that our people may be changed. their godless condition.

The people here are in a very indifferent condition. A little storm [illegible]: when first coming to / old ~~school~~ cold school house. & it has seemed discouraging to work hard all week on a sermon & then have no one desire to hear it; still I do thought it might have been just / discipline for me & just / humbling I needed.

You are right in all you said re. regard to this coming developing a man: for he has no rule to run in. but he must start out alone If any thing is done he must do it & go ahead. I rec'd your card re. offer to assist us in raising $20. How kind in you. You always come to our assistance in right time.

Rec'd 19th Dec. Sunday. Was taken sick this morn with a chill + fever + severe pain in my back + limbs. Dear Jackson, Am very sorry to hear you are ill. Hope you will soon be better. Sincerely yours, Sheldon Jackson

As to men for mission
work the class at Chicago
is small. Any of them
could get the best of reference
but whether they will see
the path westward is another
matter. My Experience as
yet would not warrant
my saying of this work
Either good or bad.
A few weeks back I had

about- made up my mind to depart. But people outside the membership took the matter in hand and say they can get from one hundred & twenty-five (120) to one hundred & fifty (150) Dollars per month. and - have given up the collection which had been taken up at the close of each Service.

Yet the Sabbath School has been a drag and seems likely to continue so even now that it is held in the morning when there is no other School in town.

Having no place to hold Prayer meeting and no people to take part - except Mrs Coleman who shouted out - "Oh my - Elder now that" is taking a vacation.

We expect to resume as a meeting for studying the S.S. lessons as soon as the International ones can be started here. With regard to the situation here it is not safe to risk busy. A little affair last September started a rumor or gave it opportunity. The outside do not like the inside and evidently such a state of things is unpleasant inefficient and uncertain. I have heard from Wallapai at second hand a favorable report. But it is only a rumor.

Dear Bro. I broke down completely a few weeks ago, & have given up my college course, & all study for a year or two, will be ready to go into some Western field by Feb 1st. I have not decided where to go — several field have been urged upon me; but I shall not decide for two or three weeks yet. If you can send descriptions of your most pressing fields it will be a great help in my work with the Penn. students.

Several of them are

in correspondence with churches in Cal & Wash. Ty, & calls are coming to them from the East, so that whatever is done for your field must be done soon.

Be here in Jan. if possible.

Yours of 27th inst reached me to day. I will receive the package you allude to and distribute to those in our congregation. I suppose the Post Master could do it thro the P.O Boxes. if he was inclined to do so - but it might not be agreeable.

We are progressing with our Church building slow but sure - hope to get the ceiling and sides plastered in all of January - I wish I could say our Congregation was progressing but it is not - and will not, until we make a change, which must be done in the Spring.

My dear Brother.

Enclosed I send you an article for your paper, which in the pressure of my engagements I have not time to copy. I trust you can read it — It may not be what you want, but its the best I can do for you now.

You will be gratified to learn that, by a little exertion last week, we succeeded in collecting enough to pay of a note of $400.00 held against the church — This leaves a balance of something over $200.00 For this I have provided by circulating Coupon notes similar to those issued at Central. Enough of these have been taken to cover the balance

and the whole debt will therefore be wiped out by June 1st 1874, when the last Coupons are due.

I intent getting more pitures taken however to provide for the furnishing of the church. I hope soon to have the walls finished and the floor carpeted. By the way I see that you are down on the Subscription book for $10.00 of the $25.00 you subscribed.

At our communion two weeks ago ten persons united with us — five by letter, five by profession Two of them were baptized (adults). Besides this three children were baptized. It was an interesting season — I am well & have my hands full — I wish you could come down some Sunday and relieve me.

I have preached very hard since I came here twice a Sunday, besides taking charge of the Sunday School.

Has Mr. Sample arrived?

With love to the family

Ever Yours in the blessed hope,

Dear Bro. I have just rec'd a letter from Dr. Dickson in which he speaks of my being ordained as an evangelist & going to Santa Fe. I would like to know your opinion. You have had some opportunities to judge of my qualifications, fitness for that place etc. Would I suit there? What style of preaching would do most good there? What the best way of reaching it? When & where would you suggest my ordination?

Any other information will be gratefully rec'd. Please

write me at your earliest convenience - as several places are before me concerning which I must soon decide. Mention the Summer climate of Santa Fe.

Your paper is a very welcome visitor - rec'd to-day your No. of Jan 7.
